EDUCATION

Dharmsinh Desai University, Nadiad, India

[July 2019 - May 2023]

- Bachelor of Technology, Information Technology
- CPI: 8.07/10.0

WORK EXPERIENCE

Accrete Infosolution Technologies Pvt Ltd, Software Engineer

[Apr 2024 - Jun 2026]

- Built and contributed to multiple full-stack web applications including a Self-Ordering Kiosk, BOPIS platform, QA/QC system, and Menu Management admin panel improving operational efficiency and user experience across retail and quality workflows.
- Integrated multiple payment gateways (Razorpay, Cashfree, Stripe) to enable secure, seamless checkout experiences across platforms.

Astound Digital, Web Developer

[Sep 2022 - Aug 2023]

- Customized and extended Salesforce Commerce Cloud (SFCC) using cartridge-based architecture, custom JS controllers, third-party integrations, and automated jobs for B2C Commerce.
- Improved site performance and UX through caching strategies and ISML templating, while maintaining system stability via monitoring and cross-team collaboration.

PROJECTS

QA-QC

[May 2025 - Aug 2025]

- Built a scalable QA/QC platform (React, Vite, Redux Toolkit, TailwindCSS, MySQL) with dynamic form workflows, role-based access control, and real-time analytics.
- Added JWT auth, RTL/multilingual support, and persistent API state - enabling quality operations across multiple departments.

Admin Panel For Menu Management

[Dec 2024 - May 2025]

- Built a MERN + PrimeReact admin panel to manage products, modifiers, and store data with direct Zomato and Swiggy integration for centralized menu and order control.

BOPIS (Buy Online, Pickup In-Store)

[Aug 2024 - Nov 2024]

- Developed a QR-based BOPIS system enabling online/pay-later ordering with flexible pickup and delivery scheduling aligned to store hours.
- Integrated Razorpay, Cashfree, and Stripe for secure, multi-gateway payment processing.

Self-Ordering Kiosk

[Apr 2024 - Jul 2024]

- Built a full-stack kiosk (React, Node.js, Express, MySQL) supporting guest and loyalty-based ordering with real-time socket updates for payment and order status.
- Integrated PhonePe payments with automated bill and KOT printing, cutting in-store wait times and improving order accuracy.

Online Digital Hospital

[Github Link](#) [↗](#)

- Built a MERN + Bootstrap 5 platform allowing patients to store and access medical documents via a unique ID and discover nearby doctors by name, specialty, or condition using an integrated map.

Apparel E-Commerce Website

[Jan 2023 - Jun 2023]

- Contributed to a modular e-commerce platform with three core modules - Store Appointment, Loyalty Program, and Subscription - as part of the Subscription module team.
- Enabled merchants to configure products as one-time or subscription-based purchases, with custom tenures and discount tiers.
- Built subscription management features including auto-renewal coupons, plan tracking, and autopay, skip, and cancellation options on the user's account page.

TECHNICAL SKILLS

- **Programming Languages:** C, C++, JavaScript, Python, SFCC, React js, Node js, Express js, Next js, Vue js, MySQL, PostgreSQL, MongoDB, HTML, CSS
- **Tools:** VS Code, Git, GitHub, BitBucket, Docker
- **AI Tools:** Claude Code, Gemini CLI

CERTIFICATIONS

- **AWS Academy Machine Learning Foundations** [🔗](#)
- **AWS Academy Cloud Foundations** [🔗](#)
- **Salesforce Certified JavaScript Developer I** [🔗](#)
- **Salesforce B2C Commerce Developer** [🔗](#)

AWARDS AND RECOGNITIONS

- **Employee Of The Month Award** - July 2024 (Accrete Infosolution Technologies LLP) [🔗](#)

CODING PROFILE

- **LeetCode** - Solved 350+ Problems
- **CodeChef** - Max 4 Star
- **HackerRank** - 5 Star in Problem Solving

VOLUNTEERING

- **Khadhya Khurak**, Gandhinagar, India [19 Dec 2024 - 22 Dec 2024] [🔗](#)
Collaborated with a team to provide clear and engaging explanations to attendees about software features and functionalities showcased at the exhibition.
- **ACMA Tech Expo**, Ahmedabad, India [2 Jan 2025 - 4 Jan 2025] [🔗](#)
Collaborated with a team to represent the company as an OEM, engaging with dealers and channel partners during exhibitions and ensuring clear communication of software features, benefits, and applications.
